Did you enjoy your stay? What would you tell your best friends about Krassimira Woods:

yes!
It's beautiful - the house is amazing - and there's lots to do in the area. Come and join us next year.

What was the best thing about your time at Krassimira Woods?

Talking about - indoors, on the deck or in the hammock - reading books and napping. It's so beautiful and peaceful. One evening after a storm we had a beautiful rainbow. How thoughtful of you. + Swimming + sauna + ...

What could we have done (i.e. what can we do the next time you come) to make your vacation more enjoyable?

Get a modest little kayak or two. Other than that - we loved the beach, the waterfall, the swimming, the walks on the road. We played lots of croquet and badminton. We had nice fires in the evening. We didn't even mind the rain.

Are there any major appliances you really wished we had?

No, (we were delighted that ~~was~~ no TV - our daughter disagreed!) The kitchen is very well equipped - the furniture is comfortable - and your sound system is good.

How was the comfort of your bedrooms and beds?

Exquisite

Do you have any comments about the garden, woods and lake front?

We enjoyed the herbs, ate two tomatoes, and saw lots of lovely sights in your woods. The lake front was just fine. Saw some of the turkey tails in the woods very nice. B3 waterfall was beautiful

How would you rate the information provided in this booklet?

Very helpful.

Is there anything major missing?

Not that we noticed

How could we improve it?

Please be specific (continue overleaf or please leave us a useful brochure you found)

Any other comments to help us serve you better when you return next year (please continue overleaf)?

I found you by chance on the Internet and I can't believe my good luck! (On two other occasions I have found satisfactory vacation rentals in the Harvard alumni magazine.)
